NEW YORK

CRIME VICTIMS'
ASSISTANCE
TASK FORCE

A nonprofit Task Force
advocating for the rights of
crime victims.

WHO ARE WE?

The New York Crime Victims' Assistance Task Force includes citizens and organizations, both public and private, that advocate for and support the rights of victims of crime. The task force strives to make justice truly meaningful and effective by recognizing that crime is not something that "happens to someone else." Crimes can have many victims, and there are countless opportunities to ensure that victims and survivors receive the rights and respect they need and deserve.

Every year, National Crime Victims' Rights Week (NCVRW) revisits crime victims' historic struggle for justice. To the founders of the victims' rights movement, justice meant that all victims - regardless of geography, demographics, or financial status - would have the rights and services they need in the aftermath of a crime. For three decades, National Crime Victims' Rights Week has successfully promoted awareness of victims' rights and services and honored countless crime victims and survivors.

Although there is much to celebrate within the victim rights movement, we face multiple, complex challenges in reaching out to victims. New types of crime have emerged and proliferated as a result of changes brought about by technology, globalization, and demographics in our society. Meanwhile, long-standing types of victimization endure, demanding a renewed commitment to action.

National Crime Victims' Rights Week gives us an annual opportunity to engage you, the public, in the struggle for victims' rights. We are honored to present our events during **National Crime Victims' Rights Week**, and we look forward to observing the week with all of you.

What is Our Mission?

- To increase public awareness of the effects of crime on the individual, family, and community.
- To plan commemorative and public awareness events during National Crime Victims' Rights Week with particular focus on the New York State Crime Victim Memorial Brick Dedication Ceremony.
- To assist other individuals, organizations and agencies in planning and participating in public events that raise awareness of issues faced by victims of crime.
- To promote activities and programs that encourage the healing of victims from the effects of crime.

*"Never doubt that a small group of thoughtful, committed citizens can change the world. Indeed, it's the only thing that ever has."
- Margaret Mead -*

The New York State Crime Victims' Memorial

The New York State Crime Victims' Memorial was established in April of 1996. Located directly behind the Legislative Office Building, on the grounds of the Empire State Plaza, the memorial features a large limestone and calcite boulder as a permanent monument dedicated to victims of crime and their families, as well as survivors of crime in New York State. A brick walkway leads up to the monument with the names of victims of crime inscribed on the bricks.

A Bronze Plaque on the Boulder Reads:

"Dedicated to all New York State men, women and children and their families who are victims of crime."

"May Justice Prevail"
